Note 1.

The company commander will here add a statement of all the *facts* known to him concerning the disease or wound, the cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the *facts* are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

Note 2.

When a probable case for pension, special care must be taken to state the *degree* of disability—as ¼, ½, &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1260 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channels, to this division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

When certificates, after having received the action of the higher authority to which they are required to be sent, will be returned to the commander of the regimental, post, or detachment to which the man claimed to be discharged belongs, or to the surgeon in charge of the hospital where he is entertained by the endorsement of the proper authority, sign the soldier's discharge, fill the blanks on this paper, see that the soldier is furnished with the proper final statements in duplicate, and forward BOTH of these papers, with the final statements in duplicate, and forward BOTH of these papers, with the final statements in duplicate, direct to the Adjutant General United States Army, Washington, D. C.; they will not retain any communication to grant pensions or bounties of the soldier.

Note 1.

The company commander will here add a statement of all the *facts* known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the *facts* are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

Note 2.

Where a probable case for pension, special care must be taken to state the degree of disability—as a, b, &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, said for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1360 Regulations, Edit. 1863.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, chronic, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

REMARKS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sent. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regiment, detachment, or post commander, who will forward them, with the extract entered thereon, through the proper channel, to the division commander; or, if the troops are not attached to a division, to the corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These commanders, after having received the action of the higher authority to which they are required to be sent, will be careful, through the most direct to the regimental, post, or detachment commander, who will, if the discharge is sanctioned by the competent authority, sign the soldier's discharge, and the two certificates on this paper, and deliver it, together with the clothing and accoutrements to duplicate, and forward both of these certificates direct to the Adjutant General United States Army, at Washington, D. C. They will not under any circumstances be given to the soldier.

Sergt Wade H. Hart-

I send you by mail some printed papers to be used in procuring transportation for recruits sent to this point one of which I have filled up to guide you in the manner of using them. Where there is no public conveyance such as Stage coaches &c you may make the best Contract you can with private individuals these printed papers being equally good whether the Transportation be procured from regular lines or from individuals. or you can if you think best send them to this point on foot. When recruits are forwarded from your Station your Contractor must furnish them with cooked rations for the trip and be paid for them as for board.

I have directed James M. Duke who is detailed to recruit for 4th Ky Cav to make arrangements for himself and recruits at the same place

established as a depot by you as it is not desirable to have more than one recruiting depot in each County.

You are reminded that you have not given the name of your Contractor and the date of Contract or agreement as required by instructions from this office.

A careful study of these instructions and a prompt compliance therewith is respectfully recommended

I am very respectfully

Rec. Sergt 3 Ky. Cavy

Your letter of January 3rd notifying me of change in your boarding house and asking for blanks to make out your accounts is at hand and in response you are reminded that a depot established for you and your recruits, unless you desire to board elsewhere at your own expense. neither should you make contract at first one place and then another as such a course would create confusion and cause unnecessary trouble. but as you have not yet boarded any at Hunt, and the contract has never been reduced to writing the depot can if you think best be established at Brooks or elsewhere as necessity may require, but as it is not desirable to have more than one recruiting depot in the County and there are several recruiting parties in

Rockcastle the Contract must be made for boarding all said recruiting officers and the recruits they may enlist.
You will therefore act in the matter under the supervision and direction of S. H. Thompson A.A.G.M. to whom I have written giving instructions on this point.
As regards blanks for making out your accounts I know of no blanks necessary for you to have. You simply send to this office a report of the number of days and dates the Contractor has boarded you and name number and time recruits boarded & lodged by him and his accounts are made out and forwarded from this office.

Very Respectfully

NOTE 1.

The company commander will here add a statement of all the *facts* known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted; stating particularly whether the injury was received or the disease contracted in the line of his duty; and whether any other facts may aid in the decision in the case, favorable or unfavorable, of the claimant; and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or the affidavit of other persons having such knowledge, will be appended to this report. In charge of a hospital, the officer [illegible] appointment of assistants, duty, &c.

NOTE 2.

When a pension can be granted, special care must be taken to state the degree of disability in the terms of the law. Thus, if the disability be partial, the degree of inability to perform manual labor, which is deprives him of the use of any limb or faculty, or diminishes his health, strength, activity, capacity, or capacity to labor at or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the best practice will require that the discharge was given by command of the officer after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate.

Par. 1183 Regulations, 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, chronic inflammation, enlargement of the testicles or its epididymis, ulcers, or any chronic disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the regiment, battalion, or detachment to which the soldier belongs, and must be given to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill and sign the surgeon's certificate, and forward them promptly to the regimental, detachment, or post commander, who will cause them, with the accompanying papers, charged to the proper officer, to be forwarded immediately, if the soldier be sick and absent on a furlough, to his home, the nearest, or other convenient recruiting or draft rendezvous; or, if the soldier be sick and absent without leave, to the hospital where he is supposed to be, or to which he may be sent; or, if he be sick in quarters, to the commanding officer of the regiment, battalion, or detachment, or other commanding officer to whom the inability to discharge military duty may be reported for discharge.

The commanding officer, after having received the action of the Medical Director or Medical Board to which they were submitted in the case, will be careful to see that the same clothing is not issued to the soldier, and that the final statement, with will, if the discharge is authorized by the authorities competent, with will, if the discharge is authorized by the authorities competent to grant it, be executed in duplicate, and forwarded with the proper papers to the Adjutant General's Office, Washington, D. C., by the first mail after the discharge is granted. Duplicate papers will be forwarded to the Adjutant General United States Army, at Washington, D. C., by the first mail after the discharge is granted. They will not make any disbursements to [illegible] on account of the soldier.

Note.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, cause of disability of the soldier at the time, date of injury or disease, (if known,) the circumstances under which the injury occurred, or disease developed or appeared; the duty, or position, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

Form 2.

When a probable case for pension, special care must be taken to state the degree of disability—as ½, ¾, &c., &c., to describe particularly the disability, wound, or disease, the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, capacity, or capacity to labor or earn his subsistence. The opinion will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by command of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1360 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to state particularly cases in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, disarrangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

INSTRUCTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the regiment detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will fill out and sign the surgeon's certificate, and forward these papers with his remarks endorsed thereon, through the proper channel, to the division commander; or, if the surgeon are not satisfied as to sickness, to the surgeon, inspector, or other commander of cavalry, to whom the authority to discharge soldiers may be specially delegated.

These certificates, when having received the action of the officer authority to which they are required to be sent, will be returned through the same channel to the regimental post, or detachment commander, who will, if the discharge is authorized by the competent authority, sign the soldier's discharge, and the back certificate on the papers, so that the latter is furnished with the proper final statements in duplicate, and forward them by mail direct to the Adjutant General United States Army, Washington, D. C., they will act under any circumstances be given into the hands of the soldier.

NOTE 1.

The company commander will here add a statement of all the *facts* known to him concerning the disease or wound or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the *facts* are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c. &c.

NOTE 2.

When a *probable* cause for pension, special care must be taken to state the *degree* of disability—as ½, ¾, &c., &c.; or describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the written certificate."

Par. 1220, Army Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to state particular cases in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, scrofulous affections, chronic diseases liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and sufficient inquiry to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will sign all and sign the surgeon's certificate, and forward them promptly to the regimental commander, or [illegible] who will forward them, with his written approval thereof, through the proper channel to his Orders commander; or, if the troops are not attached to a Brigade, to Division Department, or other commander or officer to whom the authority to discharge soldiers may be specially delegated.

These certificates after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is approved by the authority competent to grant the same, sign the soldier's discharge, and deliver it to him, with the duplicate certificate, and the pay and clothing accounts of the soldier, with proper vouchers, duly certified, to the Adjutant General (United States Army), Washington, D. C.; they will not make any discriminations in giving out the blanks of the soldier.

in December, when I went into Estill Co.
where I remained making it my my home
until arrested as a deserter in February 1865
and confined at Lexington Ky — remained there

in the Military Prison until released
by Major Thompson in compliance
with a Special Order from Department
Head Quarters issued by Maj Genl Ward.

I forget how my Recruiting Commission
was but understood that it released me
from all obligations to my Regt as a Soldier
and was so given to understand by my
Officers— I often saw Lieut Colonel
of my own Co and other Officers and men
of My Regt between the time of my leaving
the Regt and the time I was arrested as
a deserter, and talked with them— they never
at once hinted to me that I had left the
Regt without proper authority, and I never
imagined but what I was released from
the Co. by. proper authority—

There was some pay due me at the
time I left which the Captain promised to
procure for me, he also promised to procure
for me a Land Warrant as was promised
at the time of enlistment

I have never received Bounty pay
or Clothing Since October 1861

Capt Chas. A. Gould
A. A. Genl

In obedience to Special Order
No 187 from Hdqrs Hd Qrs convening the Military
Commission of which Capt Chas. A. Gould A.D.C.
is President assembled on the 31st day of August 1865
to investigate the alleged charge of desertion against
Corporal W. H. Mills Co. F. 3d Ky Cav Vols.

On his Muster Out-Rolls he is reported
with the following remarks. Set off as his name
Deserted his post as Corporal of the Guard Jan 18th 1862 at Camp
Boyle Kentucky.

The Commission have investigated
the case and find that at the time he is charged
with desertion he was with his command and did
not leave it till about eight days after the time
mentioned on his Roll — that when he left the Regt it

was with Lieut Bridgewater for the purpose of recruiting and was provided with what he supposed was sufficient authority for his leave.

Further that he was not at Camp Boyle at the time he is reported as a deserter which the testimony of William Trusty and his own evidence goes to prove.

The Commission are of the opinion that Corporal Mills never considered that he was a deserter which is believed from his returning to the vicinity & where his Reg. was and his personal interviews with his Officers and men of his Regt. and

Therefore finds that he is not a deserter but respectfully submits his case to the Department Commander that it may disposed of according to Regulation as may be deemed just and proper.

In a strict obedience to the Circular of Instructions for Military Commissions for the trial of alleged deserters the Commission deem that they would have no right to recommend the loss of pay or allowances, but in consideration of there being no larger any white Regiments to which assignments can be made by this Instruction,

The Commission would Respectfully

recommend that Corporal N. G. Mills be Mustered Out of Service with Loss of all pay and allowances from Jan 26th 1863 (the time he left the Reg) til October 13th 1864 when his Regiment was Mustered Out

He was arrested on suspicion of desertion was examined before a Military Com. at Lexington. No proof was brought against him.
Governor Brownlow, wished me to procure the man's discharge from prison. I have done so. But the remark upon his roll, (that he was a deserter) precludes the possibility of his getting his pay. He desires this disability removed, and it it is for that purpose I ask this investigation of his case

FINAL STATEMENT

R. 229.

Private Daniel R. Bonnell Co. H

3d Regt of Kentucky

Foot VOLUNTEERS.

Pulled June 17. 1864.

COMPARED WITH
AND CORRECTED BY
AGTS.

NOTE 1.—Two of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged without being mustered out. (Final Statements are never given to men mustered out of service.) that he may at once receive from the Paymaster the pay, &c., due him, and the captain or other COMMISSIONED officer commanding the company will certify to the fact of the delivery of the duplicate certificates; with these certificates the Soldier is "entitled to" his discharge, and should also present his discharge to the Paymaster to have the payment endorsed on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining as his vouchers the duplicate certificates.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the Soldier these statements, and endorsed with a statement to this effect by the officer. The endorsement should exhibit a full statement of the time for which the Soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, so as to complete a complete exhibit of his account." It will then be transmitted to the Company Commander of the Soldier, who will enter all the data necessary to a full understanding of the Soldier's account on the muster roll upon which the Soldier's discharge is reported. The descriptive list will then be surveyed. The object of this is, that the remaining portions of the Soldier's account may be settled upon the receipt of these muster rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his last final statements from the fact that his descriptive list is incomplete. These accounts for back pay, &c., are settled by the 2d Auditor of the Treasury Department.

NOTE 4.—Charges for loss or injury to ordnance, horse equipments, and other miscellaneous charges, should appear under the heading of "Other charges."

NOTE 5.—Bounty paid by State authorities, enforced by the United States, will not be entered on this statement.

NOTE 6.—Accounts due the Soldier and Laundresses to be entered on the muster roll on which the discharge, death, desertion, &c., is reported, as well as on the final statement, otherwise the amount cannot be collected from the United States.

NOTE 7.—This blank will be used for deserted volunteers and drafted men, as well as for others.

NOTE 8.—Where a Soldier dies in Hospital or on detached service, his descriptive list, if he has one, should be sent with his final statements, to [illegible], to the Adjutant General, Washington, D. C.

NOTE 9.—If the soldier is a drafted man or substitute, the space for [illegible], as required, should contain only the word *drafted* or *substitute*, as the case may be. If the Soldier is a "VETERAN," (or RECRUIT,) the words "veteran, (or recruit,) as the case may be, should be inserted after each [illegible] after the service of the U. S. A. commences, if at the [illegible] of Pension or Bounty RECEIVED by the Soldier is to be made on the back of such final statement.

CERTIFICATE OF DISABILITY FOR DISCHARGE.

(To be used, in duplicate, in all cases of discharge on account of disability.)

Horace Morgan of Captain Lucian H. Ralston's Company, (C.) of the Third Kentucky Regiment of United States Infantry Vols, was enlisted by Capt. Dudley H. Denton — — of the Third Regiment of Ky. Volunteers at Somerset, Ky. — — on the fourteenth day of August 1861, to serve three years; he was born in Pulaski Co., in the State of Kentucky; is twenty-two years of age, five feet three inches high, dark complexion, black eyes, black hair, and by occupation when enlisted a farmer. During the last two months said soldier has been unfit for duty about 30 days. (Here consult directions on Form 16, p. 203, Medical Dept. Gen. Reg.)

Said Horace Morgan has, and had, at the time of enlistment Consumption, was mustered into the service without examination by any Surgeon, and, in my judgment, never would have been accepted, had he been examined.

Station: Camp Green, Ky. Lucian H. Ralston,
Date: July 14, 1862. Commanding Company.

I certify, that I have carefully examined the said Horace Morgan of Captain Lucian H. Ralston Company, and find him incapable of performing the duties of a soldier because of (Here consult par. 1165, p. 240, and the following Form 16, p. 203, Med. Dept. Gen. Reg.) of his natural weakness Consumption, which he had when entered the service.

Nicolas Owens Surgeon.

Discharged, this 14th day of July 1862, at Camp Green Ky. Camp near Beechant, Ken.

N. J. Scott A. A. G. Commanding the Post.

Note 1.—When a pension case for pension, special care must be taken to state the dates of disability.

The company commander will here add a statement of all the *facts* known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

Note 2.

When a probable cause for pension, special care must be taken to state the degree of disability—as 1, ½, &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In [illegible] Regulations, Edit. 1863.

[illegible], in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, phthisis, rupture, or any chronic disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and careful examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the regiment, detachment to which he belongs, and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will carefully fill out and sign the surgeon's certificate, and forward them [illegible] to the regimental, detachment, or post commander, who will forward them with his certificate attached thereto, through the proper channel, to his division commander; or, if the troops are not attached to divisions, to his corps, department, or other commander or officer [illegible] the authority to discharge soldiers may be specially conferred.

The certificates, after having received the action of the highest authority to which they are required to be sent, will be returned to the commander of the regiment, post, or detachment, to which the soldier belongs, who will, if the discharge is authorized by the competent authority, sign the soldier's discharge, and also [illegible] on this paper; see that the soldier is furnished with the [illegible] prescribed in Circulars, and transmit all these papers [illegible] to the Adjutant General's Office, Army of the United States, Washington, D.C.; they will not retain any communication to [illegible] the benefit of the soldier.

War Department,

Adjutant General's Office,

Washington August 15th 1864.

Sir:

In reply to your letter requesting a Descriptive List of Abraham Keisby a Private in Company I. 5th Regiment Kentucky Volunteers, I have the honor to furnish the following "Descriptive List," obtained from the records of this Office: which, from the want of the necessary data, (which is in the possession of the Company Commander,) is only "partial."

NAME, RANK AND REGIMENT, DESCRIPTION, &c.

Abraham Keisby a Private in Company I. 5th Regiment of Kentucky Volunteers, is 24 years of age; but no further "description" can be obtained from the files of this Office.

He was enrolled on the 30th day of July 1861, at the town of Camp Dalsons, in the State of Kentucky by Lt H. Dalsons and mustered into the service of the United States on the 5th day of October 1861, at the town of Camp Dick Robinson, in the State of Kentucky, by Brig Genl Gen H Marshall, to serve for the period of 3 years, or "during the war."

ACCOUNT OF PAY.

It is stated on the Muster Rolls of his Company for the months of November & December 1863 that he was last paid by Paymaster Virgin Griffin to the 30th day of June 1863. Colored soldiers are liable this account of pay.

ACCOUNT OF CLOTHING.

The files of this Office furnish no account of clothing: it must be obtained, if obtained at all, from his Company Commander

REMARKS

On the rolls he is reported "Killed at Battle of Chickamauga Sept 19th 1863." His name does not appear upon any subsequent roll of Co on file in this Office.

Very respectfully,
Your obedient servant,

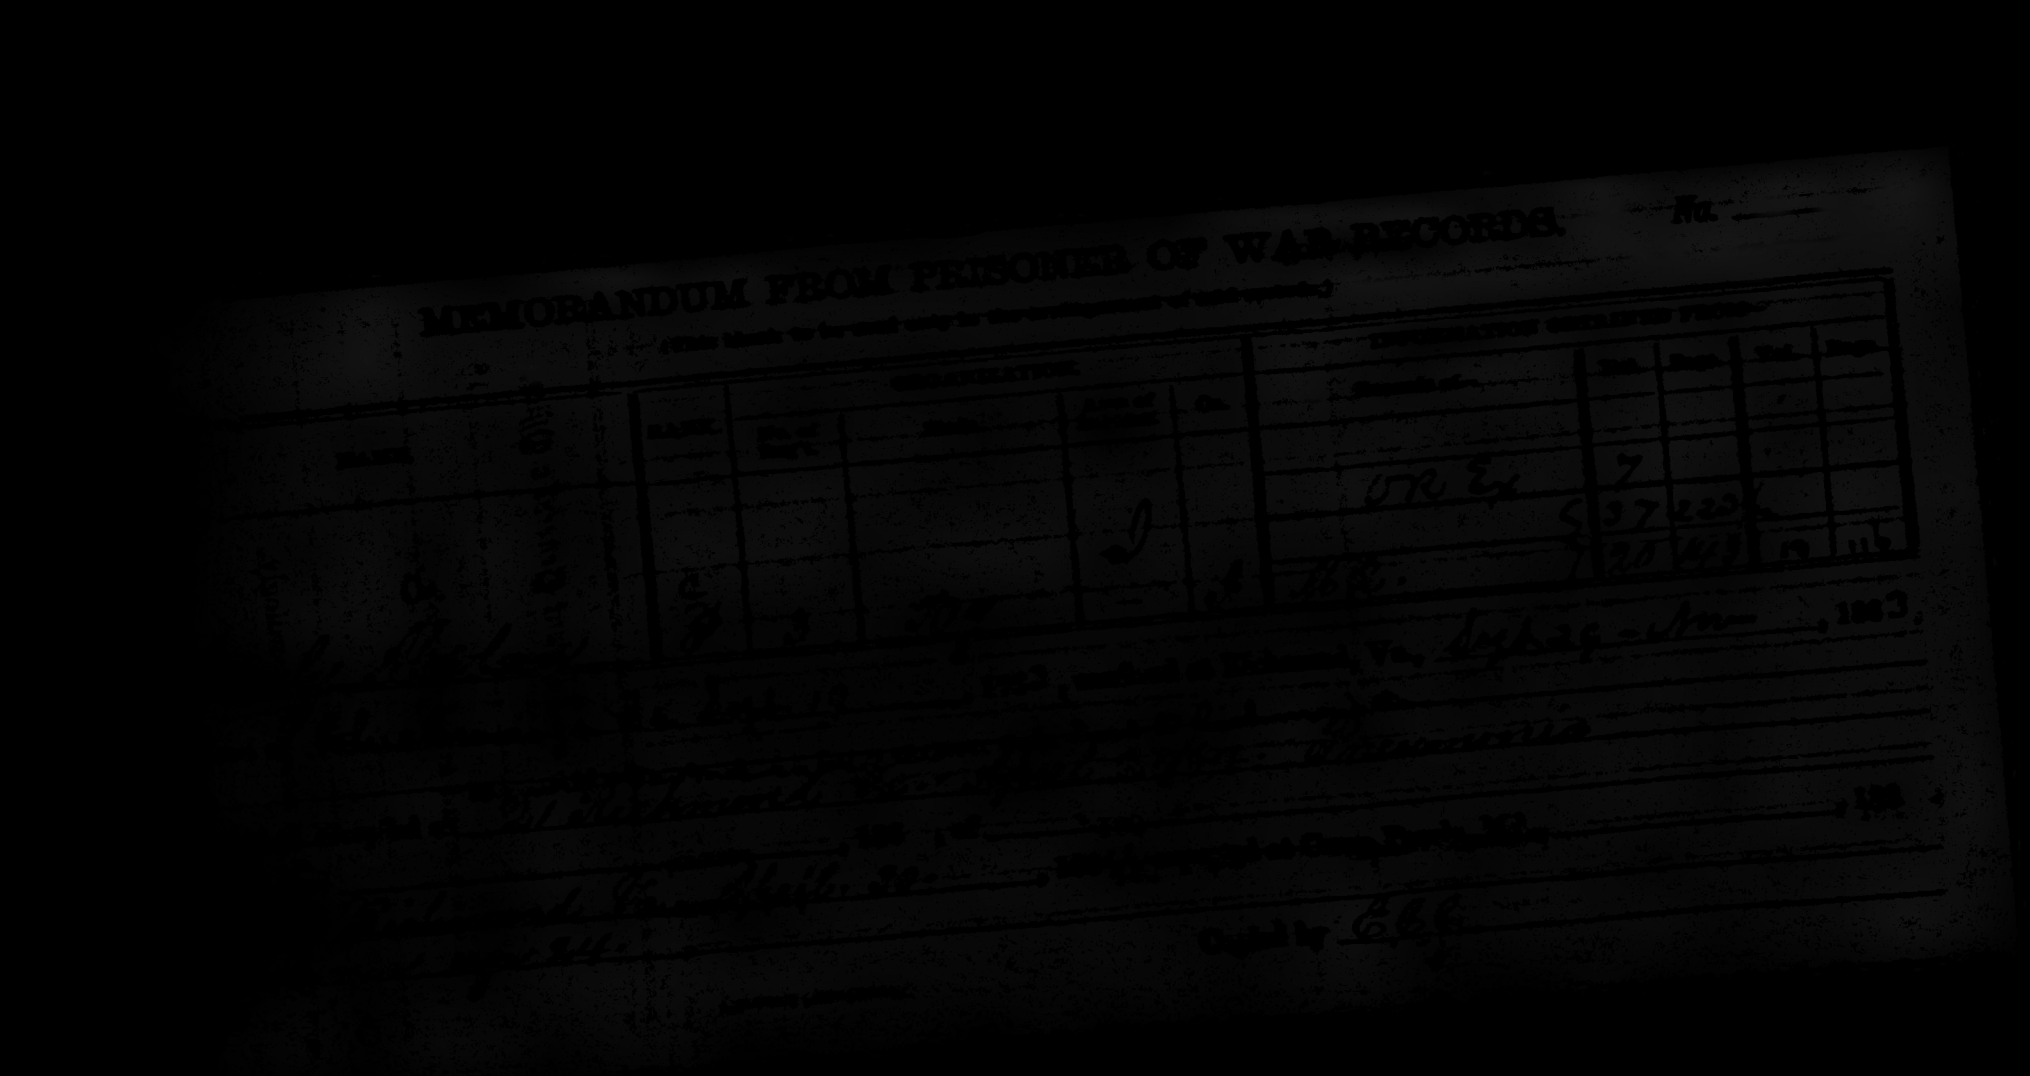

Sam'l Breck

Assistant Adjutant General.

To
Lyman Beecher Jr. Capt Engrs USA.
in charge U.S. General Hospital
Germantown Pennsylvania

F.C.

This "Partial Descriptive List" is given in order that the soldier may be discharged at once, without waiting for a descriptive list from his company commander; and, having been used by the proper officer to make out the soldier's final statements, should be endorsed with a statement to that effect by this officer. This endorsement should exhibit a full statement of the time for which the soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the soldier, who will enter all the data necessary to a full understanding of the soldier's account on the muster roll upon which the soldier's discharge is reported. This list will then be destroyed. The object of this is, that the remaining portion of the soldier's account may be settled upon the receipt of these muster rolls, and the soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that this list is incomplete or "partial."
